

# MIDAS NEEDLE GUIDE / MEDICAL GRADE STAINLESS STEEL / COMPATIBLE WITH THE MIDAS STYLUS ONLY

TYPE	CONFIGURATION	DIAMETER	PURPOSE
7 SLOPE		0.25 mm	Ideal for high detail strokes and suitable for all skin types.
11 SLOPE		0.20 mm	Great for beginners. Flexible and slightly shorter pins. Extra fine needle for detail strokes.
12 SOFT SLOPE		0.25 mm	Classic configuration. Multipurpose needle type for experienced artists.
13 NANO SLOPE		0.18 mm	Designed for even finer strokes and faster healing time. Ideal for clients with thinner skin type.
14 SOFT SLOPE		0.25 mm	For beginner and experienced. Versatile and great for main body of the brow.
15 DOUBLE		0.25 mm	Add more depth behind the strokes or create a powdery brow look.
18 U SHAPE		0.20 mm	Allows for use in both directions. The extra fine needle is great for the inner corners of the brow.
